BONES® BEARINGS

Bones Swiss Ceramics

The fastest skateboard bearings you can buy. A winning combination of precision ground and polished Swiss bearing races, glass fiber reinforced Nylon® high speed ball retainer, Cerbec® silicone nitride ceramic ball bearings, Speed Cream™ low viscosity synthetic bearing lubricant, and a non-contact black rubber shield. Ceramic balls reduce weight, last longer, accelerate faster and roll smoother, with less friction than polished steel ball bearings, giving you the absolute fastest, longest lasting skate bearings available at a break through price (for ceramics). If you need the very best, this is it.

Bones Swiss ceramics 8-pack

Bones Swiss Large P.O.P.
(holds 24 8-packs)

Bones Swiss 10 count P.O.P.

Bones Swiss 8-pack

Original Bones Swiss

Legendary Bones Swiss bearings have been the industry standard ever since they were introduced in 1983. Fast, smooth, and long lasting, these bearings have become the choice of most professional skaters, and remain unequaled in their class. Bones Swiss feature the same ultra high performance components used in Bones Swiss Ceramics, except that the balls are chromium steel instead of silicone nitride. Bones Swiss have earned their fame through years of proven, dependable performance for the best skaters in the world. No hype, just the best...ask anyone who has been skating for a few years.

Bones REDS Large P.O.P.
(holds 30 8-packs)

Bones REDS 10 count P.O.P.

Bones REDS 8-pack

Bones REDS

Bones REDS are the best popularly priced bearings you can buy. REDS were developed to be an affordable alternative to Bones Swiss and feature ground and superfinished chromium steel balls and races, a high speed Nylon ball retainer, Speed Cream lubricant and a non-contact red rubber shield. This combination of quality components and careful quality control make them faster, smoother, and longer lasting than any other bearing in their price range, so let the good times roll.

Speed Cream

Speed Cream R.F. - is a high temperature, low viscosity synthetic skate lubricant specially formulated by Bones to reduce friction, and provide a durable micro film of lubricant to protect against corrosion. Speed Cream R.F. makes your bearings faster and is very long lasting.

Swiss Travel Pack

Features:
 -pre-curved
 comfort straps
 -wet/dry pack
 Holders for:
 -water bottle
 -skate park/ID
 -CD player
 -CD's
 - books/binder
 - clothes
 -pens

Skate Tool

This compact ratchet action tool has everything you need to set up or take apart your skateboard. It's the only skate tool you'll ever need.

Bones HardCore Bushings

Large P.O.P. - holds 32

Small P.O.P. - holds 10

Hard - white

Medium - yellow

Soft - blue

Bones HardCore Bushings are a "double action" bushing with a hardcore urethane center. This center gives the bushings a better turn and a shorter break in period. Your truck will center better and your turns will be smoother.
